## Leading Hong Kong CIBSE Member taken International Leadership Stage

We are proud to announce the latest international achievements of Ir Prof P L Yuen, a distinguished CIBSE Fellow and contributor to the institution. He has been elected to two major international leadership roles. He will now begin a two year term as Chair of the International Engineering Technologists Agreement (IETA), following his successful tenure as Deputy Chair since 2021. During the General Meeting on 14–15 June 2025, Prof Yuen was re-elected as Chair of the Seoul Accord. These appointments solidify his standing as a leading figure in the global engineering community, reflecting his expertise and dedication to advancing the profession.

Prof Yuen has an illustrious history of volunteering with CIBSE, including serving as a Past Chair of CIBSE Hong Kong Region, a former CIBSE Board member, and Vice President. His outstanding contributions were recognised when he was awarded the CIBSE Gold Medal in 2024, the institution's highest honour.

Prof Yuen's exceptional leadership on the international stage honours his commitment and raises the global profile of CIBSE. The CIBSE Hong Kong Region extends its warmest congratulations and best wishes to Prof Yuen in his new and continuing leadership roles.

## CIBSE Hong Kong Region Annual Dinner 2025

The CIBSE Hong Kong Region Annual Dinner 2025 was held on 20 March 2025 at JW Marriott Hotel Ballroom in Hong Kong. There were around 500 members and guests participated in this memorable event.

We were honoured to have invited Mr. Victor Tai, JP, the Under Secretary for Housing, as our Guest of Honour and gave a speech in the event. There were also many guests from various sectors, including representatives from Architectural Services Department (ArchSD), Electrical and Mechanical Services Department (EMSD), Fire Services Department (FSD), Buildings Department (BD), Housing Department, Legislative Council, engineering institutions and engineering department of universities were also invited to this event.

We would like to express our heartfelt gratitude to everyone who attended and supported the recently concluded CIBSE Annual Dinner 2025! Your presence and contributions made this event an unforgettable evening for the building services industry. Stay tuned for upcoming events and initiatives as we continue to foster growth and excellence with our industry.

## Visit to Legislative Council

CIBSE Hong Kong Region had the privilege to be invited by Ir Dr Hon Lo Wai Kwok, GBS, MH, JP, Member of the Hong Kong's Legislative Council in the Engineering Functional Constituency for a productive discussion at his office. The session proved to be highly insightful as we examined the future of Hong Kong and the engineering sector.

We extend our sincere gratitude to Ir Dr the Hon Lo Wai Kwok for his unwavering support of CIBSE Hong Kong Region. His commitment to fostering excellence within our field is commendable.

During our dialogue, we explored various facets of the engineering industry's development and its implications for Hong Kong's future. This enlightening exchange of ideas and experiences has left us optimistic about the opportunities that lie ahead.

We look forward to continued collaboration and shared initiatives with Ir Dr the Hon Lo Wai Kwok in the future. Together, we aim to enhance the engineering community and contribute to the growth of Hong Kong.

## Seminar on Building Information Performance 2025

CIBSE Hong Kong Region co-organised the Building Information Performance 2025 with the HKIE Building Services Division (BSD) on 7 August 2025. This event brought together industry experts to explore the intersection of technology, data and sustainability in the built environment.

The seminar featured presentations from respected speakers from across the industry. Our Chair, Mr. Ethan Poon, presented on “Smart Thinking: AI-driven Energy Savings”, highlighting how AI is transforming energy management in complex building systems. Our Immediate Past Chair, Mr. Hyvan Wong expanded the conversation with his presentation on “Beyond Lighting Installation – IoT Structure”, offering insights into the wider integration of IoT technologies in building infrastructure.

Adding to the depth of discussion, our Past Chair, Mr. Gary Chiang, presented on “Vertical Scalability: On-Field and Real-Time Control”, exploring real-time control mechanisms provided valuable perspectives on enhancing building performance and adaptability.

The former President of both HKIE and CIBSE, Mr. Peter Y Wong presented on “IoT cum LoWPAN and Typical Building Management Control”, exploring how wireless networks and IoT can enhance traditional building management systems.

A highlight of the seminar was the engaging Young Engineer Award Competition, which saw emerging professionals showcase their innovative projects and ideas. The competition provided a crucial platform for young engineers to demonstrate their talent and passion for the building services industry. By spotlighting our young engineers’ work, the competition helped to nurture the future leaders of our industry. It reinforced CIBSE's commitment to supporting the professional development of young talent.

The success of Building Information Performance 2025 highlights the industry's commitment to innovation and sustainability. CIBSE Hong Kong remains dedicated to fostering the knowledge exchange and professional development, leading discussions on smart and high-performance building practices.
