

Technical Visit to Hong Kong Children's Hospital

- Site Visit** : **Hong Kong Children's Hospital (HKCH)**
Date : 01 March 2019 (Friday)
Time : 6:30pm - 8:30pm
- Assembly Place** : To be advised later
Fee : Free of charge for HKIE-BSD, ASHRAE-HKC and CIBSE-HKB Members

Programme Highlight:

The Hong Kong Children's Hospital (HKCH) is the first public hospital to achieve provisional platinum rating under the BEAM Plus New Buildings certification scheme. The construction has extensively integrated sustainable design concepts, environmentally-friendly and energy-efficient installations, as well as abundant green features. The hospital has adopted various children-centred and family-friendly designs with an aim to create a non-institutional environment for a better patient experience and support their care, leisure, social and learning needs.

Before the site tour, visitors will be briefed on the facility operation in a holistic view. After the briefing, visitors will be guided to visit a variety of facilities in the HKCH and understand how the dedicated facility management team can effectively operate the HKCH.

Speaker

Ms Jo Chan, Engineer of EMSD
