Safety Seminar on Leading Safety Culture in the Project

Details

Date	: 7 May 2019 (Tuesday)
Time	: 6:30pm for registration, 7:00 - 8:30pm
Venue	: BC301, The Hong Kong Polytechnic University
Fee	: Free of Charge

Programme Highlight

Maintaining a high safety standard is crucial to a successful construction project to in line with the increment of social awareness. It is important for a BS engineer to consider and execute the safety measures in the design, construction management and system operation aspects. This seminar will give audiences to learn the skill to understand the importance of safety culture and deliver safety manner effectively.

In this seminar, the speaker will share the experience in delivering the safety culture and enhancing the safety awareness among all the stakeholders of project by applying effective management tools.

Speaker

Mr. Eric Wong, current post is Unit Health & Safety Manager at Gammon Construction Limited, he has over twenty years' experience in delivering and leading safety on numerous high profile projects. He is currently responsible for projects health & safety matters across the Building and E&M Divisions. His experience spans large and complex construction projects which have including MTR, Highways, Housing Authority, Airport Authority projects as well as numerous Civil, Building, Foundations and E&M projects for private clients.
