

Joint CPD Seminar on

Building Information Modelling (BIM) Management Training

- Date** : 15 May 2017 (Monday)
Time : 7:00pm to 8:00pm
Venue : Rm Y303, PolyU
Fee : Free of charge for members of Organizers

This seminar is a joint activity among CIBSE HK Branch and The University of Nottingham Ningbo China (UNNC).

Programme Highlight

With the more extensive application of BIM in the building industry and release of the standards of BIM design and construction by British Standards Institution (BSI), UNNC and BSI jointly develop the BIM management training with the purpose of cultivating BIM talents. In this seminar, UNNC experts will introduce the internationally recognized BIM national standards from UK, lifecycle BIM management experience, BIM management core capabilities of both individuals and organizations and ultimately broaden the horizon regarding the development and contextualizing BIM and digital built into the sector.

Speakers

Guest Speaker I: Ir Dr Llewellyn Tang

Head, Department of Architecture and Built Environment, Faculty of Science & Engineering, University of Nottingham Ningbo

Ir Dr Llewellyn TANG is a Chartered Construction Manager (MCIQB), Chartered Engineer (MHKIE), Fellow for the Higher Education Academy in the UK (FHEA), Fellow of Chartered Institution of Civil Engineering Surveyors (FCInstCES), and currently Director of Digital City Infrastructure and Innovation Laboratory - the first International BIM and digital built laboratory in China.

With extensive project and consultancy experience on the development of BIM and digital built in the U.K. through his role as lecturer in the University of Reading, information and knowledge management researchers at Loughborough University, University of Bath, University of Cambridge, and a number of leading aerospace and construction companies, and more importantly, the nomination and invitation to be Deputy Chairman (UK Chapter) for the

Organizers:

Hong Kong Institution of Engineers and UK BIM Industry Task Group Member on behalf of high education institutions for Constructing Excellence, he helps convey U.K. government policy and industry priority to integrate and amplify digital technologies through the design process in city infrastructure, integration and its innovation, to promote digital built, BIM applications and researches in a number of infrastructure projects in the U.K. and China.

Guest Speaker II: Ryan Mao

Mr. Ryan Mao has over 12 year-experiences in third party Certification Bodies, with a focus on the audit and certification in construction and consumer goods sectors. During his services, Mr. Ryan Mao and his team supported more than 500 organizations in various industries getting access to international and China domestic markets by achieving the required certifications, with the knowledge in regulations and standards.

Joining BSI, Ryan leads local teams for the product certification services and supply chain audit services to China and Hong Kong businesses and governments. And, Ryan is the BSI BIM Assessor for PAS 1192-2 and Kitemark Certification Assessor.

Registration & Enquiry

For registration, please register ONLINE via website of www.cibse.org.hk. The maximum number of participants is **50**. The application will be accepted on a first-come-first-served basis. The **deadline of application is 12 May 2017 (Saturday)**. Name of successful members will be posted on the website of CIBSE www.cibse.org.hk. For enquiry, please contact Ir. Benjamin Sin at 9195-5337.
